

PREVENTATIVE MAINTENANCE PROGRAM

THE MOST COMPREHENSIVE PREVENTATIVE MAINTENANCE PLAN IN THE INDUSTRY

SPOC DriveShield Preventative Maintenance is available to suit any drive application demands and environmental challenges. Drives used in any number of demanding applications will benefit from regularly scheduled maintenance by a SPOC professional drive technician.

PEACE OF MIND = PROTECTION FROM THE UNEXPECTED

We offer a preventative maintenance plan on every drive we sell. No other plan protects the investment you've made in your equipment more completely. You can even buy Preventative Maintenance protection on any drive within 12 months of the original purchase date.

MAXIMUM PERFORMANCE— PREVENTATIVE MAINTENANCE PLAN INCLUDES:

- Visual Inspection
- Thermal Imaging Scan
- Wiring Practices Check
- Mounting and Environmental Check
- Parameter and Settings Check
- Trip Test Breaker
- Operational Check (Fans)
- Review and Download of Faults & Warning Logs
- Software Upgrade if Available
- Dust and Debris Removal

**SYSTEMS WITHOUT
PREVENTATIVE MAINTENANCE
EXPERIENCE
300% THE DOWNTIME OF
THOSE WITH A PM PROGRAM.**
